Miles Lewis

"My name is Miles Lewis and I was brought up and raised in Threapwood. I am a practising Chartered Surveyor by day, specialising in commercial property matters, but in my free time I enjoy a number of sports including Football, Cricket and Hockey (the latter of which I still participate in actively through most weekends of the winter). In recent years I have become involved in a local band as a vocalist helping to raise money for a variety of charities, which is stressful in preparation and rehearsal, but ultimately rewarding and immensely enjoyable after the event!"
