Dear Richard,

RE: LOCAL COUNCIL AWARD SCHEME ACCREDITATION

I am delighted to be able to advise you that following the review by the Accreditation Panel Threapwood Parish Council is duly accredited with Quality Status under the Local Council Award Scheme.

It is extremely pleasing to see a small council achieving such high standards in carrying out its functions, and the Council should take pride in the fact that Threapwood is the first Council in the Cheshire West and Chester area to achieve Quality Standard under the Local Council's Award Scheme.

Although the hard work to get all in the information on the website is recognised, it would be a valuable exercise to review the website and how the information can be found and accessed thereby reducing the number of pages and also putting more information directly onto the website pages rather than having to follow additional links.

Also with the addition of a number of new policies the Council will need to review its publication scheme.

Finally, I would like to take this opportunity to offer my own congratulations to you and your Council for all your hard work and achieving the Quality Award.

We would be interested to hear if you have any plans to mark achieving the Quality Award and whether there is an opportunity for us to formally present your certificate.

Yours sincerely

Ann Wright
