13/10/23	<p>One member of the hunt crossing the resident's property, on a public footpath.</p> <p>-See below email from a resident - I would like to raise to the Parish Council the matter of the local hunt using the public right of way on our property at ----- . This morning the hunt had at least one rider pass through our property despite this being against the law and this not being a bridleway.</p> <p>I would like to request that the Parish Council contact the hunt to remind them of their legal obligations in relation to riding on public footpaths, i.e. without permission they have no right. The damage caused to the footpath can be severe - cutting up sodden ground that is difficult to put right.</p> <p>In the interests of goodwill I believe it is prudent for the hunt to get the new season off to a start that is legal and considerate.</p> <p>I look forward to your response.</p>	Resident	Advise that this is a matter for the police.
